

MTN-003 (VOICE) Operational Reminder: ACASI and Product Holds/Discontinuations

- ❖ Administer ACASI questionnaires at all quarterly, semi-annual, annual, and PUEV visits, even if participants are on product hold or have permanently discontinued product use.

- * Includes product that: a) may have expired, b) was supposed to be returned but is still in participant's possession, and c) participant may not have been expected to use (e.g. site-initiated product hold/discontinuation).

- ❖ Administer the Product Hold/Discontinuers/SEV ACASI Questionnaire to participants who have not been exposed to study product in past 4 weeks, meaning they:
 - Did not have product re-supplied/re-issued in the past 4 weeks AND
 - Did not have remaining unused product in their possession (regardless of expiration date)
- ❖ The regularly scheduled ACASI questionnaire will be administered to all participants who do not meet the above criteria.
