
MTN-024/IPM 031 Data Communiqué #2

20 June 2014

This is official study documentation for MTN-024/IPM 031. Please circulate it among relevant staff for their review, print it, and place it in your MTN-024/IPM 031 SSP Manual in the Data Communiqués section.

This document is considered part of the MTN-024/IPM 031 SSP manual.

REMINDERS

1. Form completion and skip rules

Please be sure to review skip rules and related items for proper form completion and completeness. Completing such items incorrectly or leaving them blank will result in QC notes.

CLARIFICATIONS

None.

UPDATES

1. HIV Confirmatory Results form (HCR-1)

We have issued a new version of the form to account for the HIV testing algorithm updates as stated in Letter of Amendment #2 dated 10 April 2014. Please discard any previously printed copies of the form (dated 12-AUG-13 in the lower left corner). The new form has a different acronym (HRS-1) and dated 20-JUN-14 on the lower left corner. If this form is needed during the study, please be sure to use the updated version. The CRF has been updated in the "Complete Set (Alphabetical)" posted on the study Atlas page and can be printed as needed.
